Suggestions for the syllabus:

5 responses

Pls add some practical examples and physical exercise like plant visit and practical work knowledge to students along with theories related to their study curriculum.

Syllabus must be designed in such a way where in students get practical exposure to the industry or market, from the first year itself. So that based on that he/she can groom self in that direction where he/she wants to grow further

Too exam centric, lack practical approach and Imparts ability to think out of Box.

Add new coursed

employ ability course should be add by university

Suggestions for the syllabus:

34 responses

Good

Syllabus is intellectual of the performanceGood

working from j g

Really need to upgrade the syllabus. It's of no use as it focuses on content of the past and not present or future. Learning should be based on practical approach rather than mugging up the books. Entire syllabus focuses more on bookish knowledge whi h if of no use in this fast paced world which is constantly evolving.

Nothing

no

Business knowledge

Amazing teaching by the j.g college

Offline class are better

Well going

Jgcc has very nice academic facilities and teaching also because of that my daughter haspositive change in her ..!

Good work

Great going

All is good no need to change anything Thank you

No suggestion! The syllabus is already at it's best.

Accounting

For better knowledge give more ideas to students

Everything is good.

NA

It was nice

Nothing else

Right now according to the situation of covid, please take as much online classes as you can.

No

Well designed and very intrested

Practical knowledge should also be provided

Yes

No suggestion

Good

Introduction of GST

Syallabus is enough for student...

Perfectly fine

Nice

Nice

Suggestions for the syllabus:

64 responses

No

Good

Nothing

-

This syllabus is really a mess they should remove subjects like hrm and include more syllabus on economics and costing which will help us in practical world

Good syllabus, nice faculty feel lucky

Excellence in teaching skills

Right now according to the situation of covid, please take as much online classes as you can.

Indian culture and heritage

Operations research- Limit & mathematical Expectations

It is well designed and motivations... I sincerely love the way it is designed.

Practical knowledge should also be adopted

Cost account na lectures nahi aata haii

Let it be easy with difficult

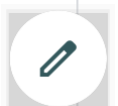

GOOD

All perfect

So many are there

While the curriculum is good, it isn't enough to provide the students with adequate knowledge to survive the outer world. It can be better if a more practical approach is added to it.

Alongside the data of ' what happens in the outer world' if the approach of ' how and why it happens and how it is applicable in practical life' is added to it, it will help the students to completely understand the concepts and will not leave them flabbergasted when they face

these things outside the classroom. None of the things I mentioned are directed towards any faculty members, it is solely about the syllabus.

All is good at its place

No

Nice

Syllabus should be designed in such a way that student gets more practical knowledge.

Some practical experience is also important for all over development of a student so Insyllabus should add such unit that students attamp him/her self

Change the principal of the college and the course of bcom because with current syllabus the course has no value

Personality development

Nothing...

Make it more advance and insert some advance accounting practical work like Tally Software practicing so that after graduation students get good Jobs

લોકડાઉન ના કારણે થમ વર્ષ માં અભ્યાસ કરતા વિદ્યાર્થીઓ કોઈ ફેશરસ પાટી કે ડેયસ એજોય નથી કરી શક્યા...તો આપ રી ને વિનંતી કે જો થઈ શકે તો તેનું આયોજન કરશો \$.. તથા એક બીજી વિનંતી પણ છે કે વિદ્યાર્થીઓ માં આ વિભાગ સવધે અને ટેજ પર બોલવાનો ડર દૂર થાય તે માટે ના કોઈ સેમિનાર રાખી શકો તો સારું.. એક વિનંતી સાથે...

કાર્તિક 5પેરા

સંચાલક:- 5પેરા કોચિંગ એકેડેમી

As far as the syllabus of Statistics and English is concerned, the formulas for Statistics should be well explained, and should not just be given for mugging up, merely for the purpose of exams. Doing so keeps away the students from core of Statistics. Statistics, like some practical chapters, in all chapters should be coherent. And theory, explaining the purpose of learning sums should be well included in the curriculum. And for language, the essence, the charm, the beauty, the delirium of the subject that is the poetry should be well included in all the semesters.

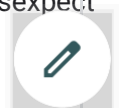

None

Good content provided by our mentors!

Digital marketing

Our syllabus is well planned but as usual one cannot stop their curiosity of learning so always expect some more!

Thank you!

Yes there should be a little need of changes in syllabus

Already have the best teachings

Well  Improve!

Create a PDF of imp qus ans

.

No Suggestions JGCC Curriculum Is very Excellent.

Excellent

As per my view, the syllabus should meet the real corporate world. Students should be given practical exposure. Skills also play a vital role in employment. So, syllabus should improve various skills such as managerial skills, communication skills, etc.

Digital marketing

Well designed and coherent

Less theory more practical

No thanks

It should be more objective, realistic and career-related like professional courses like CA, CS, CMA etc.

I feel happy as your efforts regarding syllabus is very useful to our children.All

Faculties Are Good... All Syllabus Design was perfect

All good

NA

It is good

Outstanding

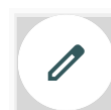

Some chapters are not in practically applicable nowadays like in tax new concept as GST inclusion would more helpful....& more practical connections to the theory ..

Add some Business skills topics

JG College of Commerce - Feedback Form Regarding Syllabus (Curriculum) – For Teachers

Greetings of the day!!

We would like to have your opinion on the Syllabus Design for B.Com. as prescribed by Gujarat University.

* Required

1. Teacher's name (Name, Surname) *

2. Teacher's phone numbers *

3. Is the curriculum for student well designed? *

Mark only one oval.

☐ Yes

☐ No

4. Does the curriculum have enough content for a student to acquire sufficient knowledge to secure a subject related job? *

Mark only one oval.

☐ Yes

☐ No

5. Does the curriculum promote the student learning experience? *

Mark only one oval.

☐ Yes

☐ No

6. Does the course curriculum intellectually stimulate student? *

Mark only one oval.

☐ Yes

☐ No

7. Does the curriculum design have focus on employ-ability? *

Mark only one oval.

☐ Yes

☐ No

8. Does the syllabus creates interest in the student to pursue further research in a particular topic? *

Mark only one oval.

☐ Yes

☐ No

9. Does the subject/course help in developing student's overall personality? *

Mark only one oval.

☐ Yes

☐ No

10. Suggestions for changes in the subject: *

Suggestions for changes in the subject:

13 responses

We can include topics that focus on practical aspects of communicationSome

more practical aspect related to subject can be added

Accountancy at BCom level is just to familiarise the students with various aspects of accounting and costing. This knowledge of accounting will lead to students taking interest in pursuing professional degrees, going forward. As such, the B.Com course is not purported to focus on employability. The syllabus serves its purpose to a great extent.

The syllabus should be well-designed and able to give employment to the students.More

real life examples must be discussed in the class.

Nicely Designed

Subjects are ok, but improvement is required in content.

Latest developments in the subject should be included. Syllabus should be in sync with the industry requirement.

The syllabus is designed to familiarise students with basics of statistics and not to improve their employability

Syllabus update according to the modern market demands and on-field practical approaches will add more employability in students.

University should include practicals which practice is going on into the market in the subject like statistics and Accountancy. They should also make the industry project report or some kind of internship compulsory for last year Students.

NA

Every year syllabus should include all amendments made according to current year's budget...specially in subjects like taxation, law & accounting
